30"x12"				£80.00

Canvas prints are stretched over a 40mm (1.5") deep wooden frame to produce a boxed style canvas wrap. These are finished with a protective sealant and are presented ready to hang. As with our fine art prints all our canvas prints are produced using archival pigment inks in a fully colour managed workflow. Canvas sizes are determined by the lengths of wooden stretcher bars available but different combinations of length x height from those shown (eg 16"x16") are available on request.
